GET DUAL QUALIFICATION: UNIVERSITY DEGREE + AFFILIATE MEMBERSHIP FROM IoA, UK

The Institute of Analytics (IoA) is the Professional Body for Analytics and Data Science Professionals in UK and International. IoA is a not-for-profit organization that exists to promote greater awareness, understanding and innovation in Analytics. IoA is fully supported in their mission by leading organizations in the sector.

Key Highlights

- The IoA membership may be a gateway to a more successful career in analytics.
- Learn the languages/tools like Statistics with R, Python Programming, SQL, SaS and Tableau, Machine Learning & AI, Social Media Analytics, Natural Language Processing, Big Data Analytics.
- All 8 papers of IoA is exempted from writing IoA examination.
- The trainers from ISDC would provide hands on training for 30 hours for each module.
- Trains student to understand how organizations make sense of data – a skill that is in growing in demand across a wide range of sectors.
- There is currently a shortage of graduates with sound business analytics skills, putting students in a good position to find a job once they graduate.
- Skills will be valuable within any organization that collects and uses large amounts of data, in roles such as risk analyst, data analyst and datascientist.
- Students could choose to become a business analyst within a consultancy firm or government agency, or work in fields such as manufacturing, healthcare or defence.
- Students get ISDC Certificate and they are eligible for IOA Membership which is not mandatory. Students

can opt out of Affiliate Membership if they want which can be upgraded to Graduate membership after the completion of their graduation & BA course.
