

# SOPHIA GIRLS' COLLEGE (AUTONOMOUS), AJMER

## INSTITUTIONAL DISTINCTIVENESS

### Environmental Consciousness and Sustainable living

The College aspires to achieve the goal of sustainable development with the help of environmental conscious students. Therefore, it entails an amalgamation of teaching methods with eco-friendly practices. For this, the college has formulated ecological Policies on Environment and Energy Usage and Waste Disposal and annually conducts Environment & Energy Audit and Green Audit which involves the following aspects:

#### **ENVIRONMENT AND ENERGY AUDIT:**

- Energy Conservation: Use of LED bulbs and installation of Solar panels
- Rain water harvesting
- Monitoring of Air, Water and Soil quality parameters
- Plastic Free Campus
- Annual Pollution Check Camp of vehicles on the Campus
- Check on Carbon footprints
- Biogas
- Vermicomposting

- Refurbishment of working elements of damaged electronic devices
- Use of star rated electronic devices
- Proper disposal of solid, liquid, electronic, hazardous and non-hazardous waste

#### **GREEN AUDIT:**

- Green and Clean campus
- Annual plantation of different Flowers, Medicinal, Cactus, Organic and Vegetable plants also thrive on the campus.
- Domicile to a number of birds, insects and fossorials.

#### **ACTIVITIES UNDERTAKEN BY NATURE CLUB OF THE COLLEGE (2022-23):**

- Tree plantation in Bhopo ka Bada
- Trekking
- Stone Painting Competition
- Installation of 25 sparrow houses and 25 bird feeders in the college campus.
