The Convener, welcomed the Board members for accepting the invitation.

The meeting started with formal permission by Prof. Asha Hingar.

Suggestions made by the BOS members in the last BOS meeting held in the month of December, 2015 have been implemented.

Prof. Asha Hingar suggested to reduce some content from the syllabi, but eventually it was decided not to delete any content as it was important for building foundation of the students in Statistics and Research Methodology.

The Board members appreciated the syllabi content as it was made more descriptive for the easy understanding of the students as well as examiners.

One change in the content of Practical-403 was suggested by Dr. Uma Toshi, so that every year new projects can be given to the students.

The examination scheme was explained to the Board with unit wise pattern and distribution of marks. This was passed unanimously and approved.

The panel recommended to visit NBO's, special school, Old age homes, Orphanages etc. to give students the practical exposure. Also recommended to organise talks, seminars and interactive sessions for the better learning of the students.

The meeting was concluded by the chair with Thanks giving to the members of Board of Studies.
